

A close-up photograph of a plant, likely a species of Brassica, showing several green, elongated seed pods (silicles) and small white flowers with yellow centers. The plant is growing among other green foliage, including broad leaves and finer, fern-like leaves in the background. The image is oriented horizontally but appears to be a vertical shot rotated 90 degrees clockwise.

A bag of mas4 seeds, labeled 'mas4 seeds MAS4 COVER' with a plant illustration.
